LIVRE de CAVE

"This selection of wines is a book of stories written together with the winegrowers, many of who have been with house Pic for several generations.

The river that waters our restaurant in Valence is the Rhône. With trade routes flowing through it for centuries, Anne-Sophie Pic's home has always been at the crossroads of cultures. Rhône has taught her to be open to things less familiar and gave a daily appetite for discovery that is at the heart of her cuisine.

That's why our beverage program also has no limits or borders: we travel, we taste, and we bring to your table the wines that touched us. During visits to the vineyards and tastings with producers we focus on the story and intention behind each product, a story that we pass on to you. This concerns wines, but also all the other beverages: teas, coffees, sake, spirits and many other curiosities which we of course invite you to discover with us."

Paz Levinson, Head Sommelière Exécutive Groupe Pic

Benjamin Visotschnig, Assistant Head Sommelier

Amber Yee Man Ka, Junior Sommelier

OUR BEVERAGE PAIRING PHILOSOPHY

The pairings we have created for you reflect the constant and sincere dialogue that animates the chef and the sommeliers.

A sommelier's career begins with wine, but then continues into the maze of knowledge about all beverages of the world.

Moved by our encounters, our insatiable curiosity and our desire to share things often long forgotten, we offer you a culinary journey in one versions:

INSPIRATION PAIRING

Featuring some of the most unique and soulful wines from all over the world, our alcohol forward pairing will occasionally include less familiar things like sake, ciders, beers, co-ferments, distillates and many other curiosities from the beverage universe, all woven together into a conversation about the history and the future of ethical and sustainable alcohol production.

We have no boundaries, prejudices or limits to creativity other than your desire to discover the world.

Sommelier's Picks

We invite you to discover a special selection of wines that have recently captured the hearts of our sommelier team. Each bottle reflects our personal tastes, our curiosity and the emotions that make wine such a fascinating world.

From the finesse of Champagne to the freshness of white wines, the depth and complexity of reds, the charm of rosés and the distinctive character of orange wines, each selection has been chosen for its individuality, its sense of place and the pleasure it brings to the glass.

More than a collection of recommendations, these are the wines that have inspired us, sparked our curiosity and left a lasting impression on us.

Each one tells a story we are delighted to share with you.

This selection is available for a limited time, offering you the opportunity to discover and enjoy our current favourites while they last. We hope you enjoy exploring these wines as much as we have enjoyed finding them and perhaps discover a new favourite of your own along the way.
